SHEETAL GUPTA
JAVA DEVELOPER

7420837532| gmunna352@gmail.com | sheetal-gupta1 | sheetal-81 | Mumbai, Maharashtra, India

Career Objective

Aspiring Java Developer seeking to apply coding skills and problem-solving abilities, to develop innovative ideas and solutions in a dynamic, growth-oriented team environment

Education

St John College of Engineering and Management , Mumbai University — **July 2021 – June 2025**
Major in Computer Engineering — **CGPA : 7.97**

Thomas Baptista Jr College , Mumbai University — **June 2019 – May 2021**
Intermediate — **Percentage : 78%**

Sant Leela Shah High School , Mumbai University — **March 2019**
Secondary — **Percentage : 80%**

Internships

Digital Bhem — **October 2023 – November 2024**
Java Developer Intern — *Remote*
- Developed the Cinema Booking System,Java Swing app with MySQL for movies bookings and admin management

CodeAlpha — **September 2023 – October 2023**
Java Programming Intern — *Remote*
- Created the Attendance Management System, a Java Swing app with MySQL for tracking, managing, and reporting student attendance

Bharat Inten — **December 2023 – January 2024**
Android Developer — *Remote*
- Developed the Social media integration app which interact with google and facebook for sign-in and register

Projects

DevNotebook | *Java, MySQL, HTML, CSS, Bootstrap, SpringBoot* — **May 2024 – Present**
- Developing a Java-based website offering computer engineering students resources like cheatsheets, notes, and tests, with secure file upload and sharing for logged-in users

Nutri Vision | *Html,CSS,javascript,Python(flask),Firebase* — **July 2023 - present**
- The project uses Detectron2 and deep learning to automatically identify food and estimate portion sizes from photos, improving accuracy and convenience in dietary tracking

Covid-19 Tracker App | *Java, RestAPI* — **July 2023 - August 2023**
- Developed a COVID-19 Tracker Android App using REST API to monitor global statistics and provides real-time updates and insights into the epidemic's impact worldwide

Online Fraud Link Checker | *Python, Flask, Firebase, HTML, CSS* — **July 2023 - April 2024**
- Developed a web application to verify the safety of URLs using Python and Flask for the backend, Firebase for the database, and HTML, CSS, and Bootstrap for the frontend

Certifications

- Java + Spring Boot, Rest Web Services, MVC, Microservices | *Udemy* — **June 2024**
- Web Development Wizardry: HTML & CSS Course for Beginners | *Udemy* — **January 2023**
- UX Design For Web Developers | *Infosys Springboard* — **January 2023**
- Building Modern Projects with React | *LinkedIn* — **August 2024**

Achievements

- Gold Badge Holder in Java at Hackerrank **April 2023**
- Achieved Ninja Dominator at Coding Ninjas **August 2024**
- Solved 420+ problems on LeetCode, 70+ on Coding Ninjas, 570+ on CodeChef, Solved 90+ problems on GeeksforGeeks

Coding Profiles

LeetCode: //121sheetal2060   **CodeChef:** //sheetal2060   **Hackerrank:** //121sheetal2060
GeeksForGeeks: //sheetal81   **Coding Ninjas:** //SheetalGupta

Area of Expertise

Languages: Java, HTML, CSS, JavaScript, MySQL, Python ,Firebase

Developer Tools: VS Code, IntelliJ IDEA, GitHub

Frameworks: Spring, SpringBoot, Hibernate

Soft Skills: Communication, Problem-Solving, Teamwork, Time Management

Membership and Communities

- Served as Event Head for the Blind C Event at TechXOlympia | *CSI SJCEM* **October 2023**
- Created certificates and posters for the MegaLeio event | *ISTE SJCEM* **March 2022**
- Contributed to open-source and merged 2 pull requests | *GSSOC* **June 2024**

Extracurricular Activities

- Participated in the VCET National Level Hackathon **October 2023**
- Participated in the inter-college Brand Quiz Competition at Srijan **January 2023**

Interests

UX Design | Open Source Contribution

Language Proficiency

English (Intermediate) | Hindi (Advanced) | Marathi(Basic)
